

Who We Are

DCS is a progressive and person-Centered law enforcement agency that strives to change lives and make positive impacts in communities across Georgia.

Our Mission

As an integral part of the criminal justice system, we protect and serve all Georgia citizens through effective and efficient offender supervision in our communities, while providing opportunities for successful outcomes.

Our Values

Accountability, Integrity, Selfless service, Teamwork, and Personal and professional development

DCS offers many career opportunities for a wide range of professionals.
We employ professionals in a variety of fields:

**Public Safety | Law | Finance | Information Technology
Human Resources | General Management | and more**

COMMUNITY SUPERVISION

DCS supervises all felony offenders in Georgia. Dedicated officers use supervision techniques and leverage technology to provide opportunities for positive outcomes.

DAY REPORTING CENTERS

DRCs provide an intensive non-residential prison diversion program targeted at high-risk, high-need offenders with a history of substance abuse and non-compliant behavior. They seek to address the root problem of substance abuse, rather than the non-violent crimes that result from addiction.

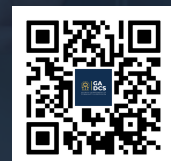

REENTRY SERVICES

The Reentry Services Unit's goal is to help returning citizens and those currently under supervision, reenter public life and transition into law-abiding, productive members of the community.

MISDEMEANOR PROBATION OVERSIGHT

DCS does not provide misdemeanor probation supervision services; the DCS Board provides the oversight infrastructure needed to ensure the integrity of Georgia's misdemeanor probation system, including private and government entities.
